

Stage 3 Home Learning Plan - Term 1, Week 11

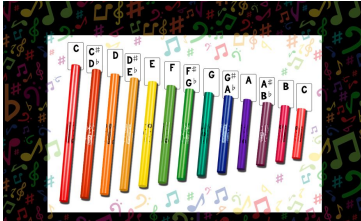

Home Learning is provided for all of our students to complete at home. It is not compulsory for students to complete all the work provided.

Students will be able to complete this week's home learning as slides on their Google Classroom account or in their workbook.

2. Stand still and straight.
Take three slow, deep
breaths in and
out.

3. Take five steps in one
direction, walking slowly
and noticing how
your body moves with
each step.

4. Listen to the sounds
around you and the sound
your feet make on the
ground. Try not to change
the way you walk, but
instead just notice how
your body naturally
moves.

What does the ground feel
like under your feet? - -
